

Protest FUKUS Bombing of Syria

Hands Off Syria, Sydney, strongly condemns the US/UK/France Coalition bombing against Syria.

This criminal attack is a blatant Imperial aggression, a cowardly act which only demonstrates how vile these Western powers are, attacking a small nation which has suffered seven years a proxy dirty war and has endured many more years of sanctions.

Hands Off Syria joins the call by the Syrian-Australian Community for a protest/Vigil commencing at 6pm this coming Thursday 19 April 2018 in Martin Place, Sydney, outside the US Consulate.
